PART I.

IMPORTANT GOVERNMENT ORDERS.

LOCAL AND LEGISLATIVE SECRETARIAT.

Daily Report of Epidemics in Villages.

READ—

Letter No. 136-24, dated 31st October/3rd November 1924, from the President, District Board, Hassan District, bringing to notice that the present system of submission of the daily returns of epidemics by the village Patels affords very little scope for the medical authorities to render timely medical aid to the suffering people in rural parts in as much the information goes first to the Taluk Office and then to the District and Medical authorities and suggesting the adoption of triplicate forms of daily returns to be filled up and posted simultaneously to the authorities concerned.

2. Unofficial Note No. C. 589-2, dated the 19th February 1925, of the Sanitary Commissioner recommending the adoption of the form and suggesting that the form may be in quadruplicate and that the heading should be as simple and as few as possible.

ORDER No. L. 6889-906—SAN. 37-24-2, DATED 28TH MARCH 1925.

Government are pleased to direct that the daily report of epidemics be prepared in quadruplicate in the form annexed hereto and despatched by the Patel simultaneously to each of the following officers:—

1. Local Medical Officer within whose jurisdiction the village is situated.
2. The Sanitary Inspector through the Amildar.
3. The District Medical Officer.
4. The President, District Board.

2. The Superintendent, Government Printing, is requested to print sufficient number of books and supply them to the Presidents of District Boards on requisition.

B. NAGAPPA,
Secretary to Government,
Local and Legislative Departments.
